

“Navigating Healthcare Access: Exploring multiple avenues to address challenges in access and barriers to care”

**September 9, 2025
12:00 p.m. to 1:00 p.m.**

[Register Here](#)

Not all patients have equal healthcare coverage for the same services, therefore accessing and paying for these services can be challenging. This webinar will provide a high-level overview of several challenges to healthcare access in Kansas. We will explore resources available to healthcare organizations and community-based organizations who are often tasked with assisting patients in tackling access to care challenges and will discuss what mechanisms are available to facilitate care and fund healthcare services.

**This webinar is presented in collaboration between the
following partners:**
